**Product details**

The door is self-close

18Ga(1-mm)quality welded steel  
Unleaded coating with polish surface, which is corrosion and moisture proof

Fireproofing vents to effectively reduce the concentration of volatile substances, and prevent fire hazards. Special spill-proof shelves to avoid chemical leakage by accident.

Adjustable shelves with anti-leakage design

The cabinet has three-point linkage lock, and the door can open 180°

Shelf bracket welded on both sides of cabinet

The three-point bullets: Anti-static design structure

FM Approved Anti-Static Device: Conductor grip combine the equipment with the cabinet to conduct the static to earth, thus to prevent fire accident

Reflective labels, cabinets can be quickly located the position of the cabinet in smoke and dark environment
