## CLEANROOM WIPES

For laboratory equipment, special parts, precision instruments and other cleaning work:

1. Ultra low dust
2. 100% primary wood pulp, high quality raw material
3. The paper is fine, to avoid rubbing on the surface
4. Prevent static electricity generation, through antistatic test
5. The strength of dry and wet condition is excellent and it is not easy to break
6. High efficiency water absorption, pure texture
